Re: Service Employees International Union, Local 2028/Rady
Children's Hospital – San Diego Class Action

Dear Mr. Harland:

The Court specifically declined to rule on whether 2028 or a CBA exists; the Court instead ruled that these questions of representation, on balance, were better addressed in the current proceedings of the NLRB rather than the Court.

Since these questions of representation are essential to your demand for arbitration, your petition for arbitration should be withdrawn pending the outcome of these NLRB proceedings.

Assuming you do not withdraw, it is your petition that has put these questions of representation before the Court, and the Hospital is entitled to assert those defenses and file any and all motions as appropriate.

Let me know if you have any question.

Very truly yours,

Gary F. Overstreet
